Even Semester Timetables - With Classrooms

Semesters II, IV, VI, VIII | Computational Finance, Software Systems, Theoretical Computer Science, Data Science, Cyber Security
Period timings: P1 8:30-9:20, P2 9:20-10:10, P3 10:30-11:20, P4 11:20-12:10, P5 1:40-2:30, P6 2:30-3:20, P7 3:30-4:20, P8 4:20-5:10.

What changed: every theory period, Seminar, Tutor Ward Meeting (and Personality Development / Project Work where they occur) now has a classroom, in the same style as your Sem III timetables. Rooms change between period blocks, so a class may move. Lab sessions use the class's own lab room. No room is used by two classes in the same period, and no class has two sessions in the same period.

Rooms taken from your timetables: M504, M503, M201, M202, J515, J512, J511, J513, J516, J202, A105, A107, A111, A315, K502

Rooms added (marked * on the timetables): M501, M502, M505, M506, M507, J501, J502, J514, J517, J518, K501, K503, K504, K505, A106, A108, A109, A110, A112
