Odd Semester Timetables - With Classrooms

Semesters I, III, V, VII, IX | Computational Finance, Software Systems, Theoretical Computer Science, Data Science, Cyber Security
Period timings: P1 8:30-9:20, P2 9:20-10:10, P3 10:30-11:20, P4 11:20-12:10, P5 1:40-2:30, P6 2:30-3:20, P7 3:30-4:20, P8 4:20-5:10.

What changed: every theory period, Seminar, Tutor Ward Meeting (and Personality Development / Project Work where they occur) now has a classroom, in the same style as your Sem III timetables. Rooms change between period blocks, so a class may move. Lab sessions use the class's own lab room. No room is used by two classes in the same period, and no class has two sessions in the same period.

Rooms taken from your timetables: M504, M503, M201, M202, J515, J512, J511, J513, J516, J202, A105, A107, A111, A315, H204, H203, K502

Rooms added (marked * on the timetables): M501, M502, M505, M506, M507, J501, J502, J514, J517, J518, K501, K503, K504, K505, A106, A108, A109, A110, A112

Fixed lab / project rooms

Semester	Computational Finance	Software Systems	Theoretical Computer Science	Data Science	Cyber Security
Sem I	Lab M601	Lab J601	Lab K601	Lab A601	Lab M602
Sem III	Lab M701	Lab J701	Lab K701	Lab A701	Lab M702
Sem V	Lab M801	Lab J801	Lab K801	Lab A801	Lab M802
Sem VII	Project room M507*	Project room J513	Project room K501*	Project room A105	Project room M504
Sem IX	Lab M901	Lab J901	Lab K901	Lab A901	Lab M902

MSc Computational Finance - Semester I

Theory / Seminar / TWM / Personality Development rooms are shown in each cell | Lab room: **M601**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Math Foundations Lab** M601		**Business Economics** M201	**Discrete Mathematical Structures** M201	**Calculus** M503	**C Programming** M503	**Professional Communication** M202	**Personality Development** M202
TUE	**C Lab** M601		**Discrete Mathematical Structures** M503	**Calculus** M503	**C Programming** M202	**Professional Communication** M202	**Business Economics** J516	
WED	**Economic Analysis Lab** M601		**Calculus** M505*	**C Programming** M505*	**Professional Communication** M502*	**Business Economics** M502*	**Discrete Mathematical Structures** M503	
THU	**Business Economics** A107	**Discrete Mathematical Structures** A107	**Math Foundations Lab** M601		**Economic Analysis Lab** M601		**Calculus** M201	
FRI	**C Programming** J515	**Professional Communication** J515	**C Lab** M601		**Seminar** J502*	**Personality Development** J502*		**Tutor Ward Meeting** M501*

Theory: Business Economics; Discrete Mathematical Structures; Calculus; C Programming; Professional Communication
Labs: Math Foundations Lab; C Lab; Economic Analysis Lab (lab room M601)
Rooms used this week: A107, J502*, J515, J516, M201, M202, M501*, M502*, M503, M505*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, yellow = Personality Development, grey = free. Room shown in red under each course.

MSc Software Systems - Semester I

Theory / Seminar / TWM / Personality Development rooms are shown in each cell | Lab room: **J601**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Math Lab** J601		**Calculus** J512	**Communication** J512	**Applied Physics** J511	**Digital Electronics** J511	**C Programming** J501*	**Personality Development** J501*
TUE	**C Lab** J601		**Communication** J511	**Applied Physics** J511	**Digital Electronics** J518*	**C Programming** J518*	**Calculus** J512	
WED	**Physics/Electronics Lab** J601		**Applied Physics** J511	**Digital Electronics** J511	**C Programming** J514*	**Calculus** J514*	**Communication** J502*	
THU	**Calculus** J501*	**Communication** J501*	**Math Lab** J601		**Physics/Electronics Lab** J601		**Applied Physics** J516	
FRI	**Digital Electronics** J516	**C Programming** J516	**C Lab** J601		**Seminar** J515	**Personality Development** J515		**Tutor Ward Meeting** J514*

Theory: Calculus; Communication; Applied Physics; Digital Electronics; C Programming
Labs: Math Lab; C Lab; Physics/Electronics Lab (lab room J601)
Rooms used this week: J501*, J502*, J511, J512, J514*, J515, J516, J518*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, yellow = Personality Development, grey = free. Room shown in red under each course.

MSc Theoretical Computer Science - Semester I

Theory / Seminar / TWM / Personality Development rooms are shown in each cell | Lab room: **K601**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Physics/Electronics Lab** K601		**Calculus** K504*	**English** K504*	**Applied Physics** K503*	**Digital Electronics** K503*	**C Programming** K504*	**Personality Development** K504*
TUE	**C Lab** K601		**English** K503*	**Applied Physics** K503*	**Digital Electronics** K504*	**C Programming** K504*	**Calculus** K505*	
WED	**Math Lab** K601		**Applied Physics** K505*	**Digital Electronics** K505*	**C Programming** K503*	**Calculus** K503*	**English** K502	
THU	**Calculus** K504*	**English** K504*	**Physics/Electronics Lab** K601		**Math Lab** K601		**Applied Physics** K505*	
FRI	**Digital Electronics** K502	**C Programming** K502	**C Lab** K601		**Seminar** K503*	**Personality Development** K503*		**Tutor Ward Meeting** K502

Theory: Calculus; English; Applied Physics; Digital Electronics; C Programming
Labs: Physics/Electronics Lab; C Lab; Math Lab (lab room K601)
Rooms used this week: K502, K503*, K504*, K505*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, yellow = Personality Development, grey = free. Room shown in red under each course.

MSc Data Science - Semester I

Theory / Seminar / TWM / Personality Development rooms are shown in each cell | Lab room: **A601**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Math Lab** A601		**Calculus** A107	**Computational Biology** A107	**Digital Electronics** A109*	**C Programming** A109*	**Communication** A111	**Personality Development** A111
TUE	**C Lab** A601		**Computational Biology** A110*	**Digital Electronics** A110*	**C Programming** A315	**Communication** A315	**Calculus** A110*	
WED	**Electronics Lab** A601		**Digital Electronics** A106*	**C Programming** A106*	**Communication** A111	**Calculus** A111	**Computational Biology** A107	
THU	**Calculus** A315	**Computational Biology** A315	**Math Lab** A601		**Electronics Lab** A601		**Digital Electronics** A106*	
FRI	**C Programming** A110*	**Communication** A110*	**C Lab** A601		**Seminar** A107	**Personality Development** A107		**Tutor Ward Meeting** A108*

Theory: Calculus; Computational Biology; Digital Electronics; C Programming; Communication
Labs: Math Lab; C Lab; Electronics Lab (lab room A601)
Rooms used this week: A106*, A107, A108*, A109*, A110*, A111, A315. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, yellow = Personality Development, grey = free. Room shown in red under each course.

MSc Cyber Security - Semester I

Theory / Seminar / TWM / Personality Development rooms are shown in each cell | Lab room: **M602**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Math Lab** M602		**Calculus** M506*	**Communication** M506*	**Applied Physics** A106*	**Digital Electronics** A106*	**C Programming** M503	**Personality Development** M503
TUE	**C Lab** M602		**Communication** M202	**Applied Physics** M202	**Digital Electronics** M502*	**C Programming** M502*	**Calculus** M506*	
WED	**Physics/Electronics Lab** M602		**Applied Physics** M506*	**Digital Electronics** M506*	**C Programming** M503	**Calculus** M503	**Communication** J512	
THU	**Calculus** M501*	**Communication** M501*	**Math Lab** M602		**Physics/Electronics Lab** M602		**Applied Physics** H203	
FRI	**Digital Electronics** M503	**C Programming** M503	**C Lab** M602		**Seminar** M505*	**Personality Development** M505*		**Tutor Ward Meeting** A112*

Theory: Calculus; Communication; Applied Physics; Digital Electronics; C Programming
Labs: Math Lab; C Lab; Physics/Electronics Lab (lab room M602)
Rooms used this week: A106*, A112*, H203, J512, M202, M501*, M502*, M503, M505*, M506*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, yellow = Personality Development, grey = free. Room shown in red under each course.

MSc Computational Finance - Semester III

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **M701**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**R Lab** M701		**Corporate Finance & Capital Markets** M501*	**Statistics** M501*	**Linear Algebra** M502*	**Algorithms** M502*	**Digital System Architecture** M505*	
TUE	**Algorithms Lab** M701		**Statistics** M502*	**Linear Algebra** M502*	**Algorithms** M505*	**Digital System Architecture** M505*	**Corporate Finance & Capital Markets** M503	
WED	**Numerical Computing Lab** M701		**Linear Algebra** J202	**Algorithms** J202	**Digital System Architecture** M202	**Corporate Finance & Capital Markets** M202	**Statistics** M506*	
THU	**Corporate Finance & Capital Markets** M505*	**Statistics** M505*	**R Lab** M701		**Numerical Computing Lab** M701		**Linear Algebra** M502*	
FRI	**Algorithms** M201	**Digital System Architecture** M201	**Algorithms Lab** M701		**Seminar** M501*			**Tutor Ward Meeting** M201

Theory: Corporate Finance & Capital Markets; Statistics; Linear Algebra; Algorithms; Digital System Architecture
Labs: R Lab; Algorithms Lab; Numerical Computing Lab (lab room M701)
Rooms used this week: J202, M201, M202, M501*, M502*, M503, M505*, M506*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Software Systems - Semester III

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **J701**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Algorithms Lab** J701		**Probability & Statistics** J517*	**DBMS** J517*	**Transform Techniques** J514*	**Algorithms** J514*	**Operating Systems** J517*	
TUE	**UNIX/Linux Lab** J701		**DBMS** J501*	**Transform Techniques** J501*	**Algorithms** J511	**Operating Systems** J511	**Probability & Statistics** J515	
WED	**RDBMS Lab** J701		**Transform Techniques** J517*	**Algorithms** J517*	**Operating Systems** J518*	**Probability & Statistics** J518*	**DBMS** J202

Theory: Theory of Computing; Computational Networks; Machine Learning; Algorithms; Elective I
Labs: Networks Lab; ML Lab; Algorithms Lab (lab room K801)
Rooms used this week: K502, K503*, K504*, K505*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Data Science - Semester V

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **A801**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Algorithms Lab** A801		**Algorithms** A110*	**Stochastic Models** A110*	**Networks** A108*	**Machine Learning** A108*	**Elective I** A315	
TUE	**ML Lab** A801		**Stochastic Models** A107	**Networks** A107	**Machine Learning** A106*	**Elective I** A106*	**Algorithms** A315	
WED	**Java Lab** A801		**Networks** A108*	**Machine Learning** A108*	**Elective I** A315	**Algorithms** A315	**Stochastic Models** A111	
THU	**Algorithms** A112*	**Stochastic Models** A112*	**Algorithms Lab** A801		**Java Lab** A801		**Networks** A111	
FRI	**Machine Learning** A107	**Elective I** A107	**ML Lab** A801		**Seminar** A112*			**Tutor Ward Meeting** A315

Theory: Algorithms; Stochastic Models; Networks; Machine Learning; Elective I
Labs: Algorithms Lab; ML Lab; Java Lab (lab room A801)
Rooms used this week: A106*, A107, A108*, A110*, A111, A112*, A315. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Cyber Security - Semester V

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **M802**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Secure Dev Lab** M802		**Network Security** M503	**Secure Software Development** M503	**Machine Learning** M202	**Applied Cryptography** M202	**Elective I** M506*	
TUE	**ML Lab** M802		**Secure Software Development** M506*	**Machine Learning** M506*	**Applied Cryptography** M501*	**Elective I** M501*	**Network Security** M201	
WED	**Ethical Hacking/Malware Lab** M802		**Machine Learning** M501*	**Applied Cryptography** M501*	**Elective I** M505*	**Network Security** M505*	**Secure Software Development** M502*	
THU	**Network Security** M201	**Secure Software Development** M201	**Secure Dev Lab** M802		**Ethical Hacking/Malware Lab** M802		**Machine Learning** M503	
FRI	**Applied Cryptography** M502*	**Elective I** M502*	**ML Lab** M802		**Seminar** M506*			**Tutor Ward Meeting** M202

Theory: Network Security; Secure Software Development; Machine Learning; Applied Cryptography; Elective I
Labs: Secure Dev Lab; ML Lab; Ethical Hacking/Malware Lab (lab room M802)
Rooms used this week: M201, M202, M501*, M502*, M503, M505*, M506*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Computational Finance - Semester VII

Project room (Project Work, Seminar, Tutor Ward Meeting): **M507***

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*				
TUE	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*				
WED	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*				
THU	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*				
FRI	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Project Work I** M507*	**Seminar** M507*			**Tutor Ward Meeting** M507*

Rooms used this week: M507*. * = room added (not in the timetables you shared).

Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, orange = project work, grey = free. Room shown in red under each course.

MSc Software Systems - Semester VII

Project room (Project Work, Seminar, Tutor Ward Meeting): **J513**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513				
TUE	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513				
WED	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513				
THU	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513				
FRI	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Project Work I** J513	**Seminar** J513			**Tutor Ward Meeting** J513

Rooms used this week: J513. * = room added (not in the timetables you shared).

Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, orange = project work, grey = free. Room shown in red under each course.

MSc Theoretical Computer Science - Semester VII

Project room (Project Work, Seminar, Tutor Ward Meeting): **K501***

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Project Work I** K501*	**Project Work I** K501*	**Project Work I** K501*	**Project Work I** K501*

FRI	**Project Work I** M504	**Project Work I** M504	**Project Work I** M504	**Project Work I** M504	**Seminar** M504			**Tutor Ward Meeting** M504

Rooms used this week: M504. * = room added (not in the timetables you shared).

Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, orange = project work, grey = free. Room shown in red under each course.

MSc Computational Finance - Semester IX

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **M901**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Risk Lab** M901		**Risk Management** M202	**Algorithmic Trading** M202	**FinTech** M506*	**Elective IV** M506*	**Open Elective II** A112*	
TUE	**Trading Lab** M901		**Algorithmic Trading** M501*	**FinTech** M501*	**Elective IV** M503	**Open Elective II** M503	**Risk Management** H203	
WED	**Blockchain Lab** M901		**FinTech** M503	**Elective IV** M503	**Open Elective II** M201	**Risk Management** M201	**Algorithmic Trading** M501*	
THU	**Risk Management** M506*	**Algorithmic Trading** M506*	**Risk Lab** M901		**Blockchain Lab** M901		**FinTech** M501*	
FRI	**Elective IV** M505*	**Open Elective II** M505*	**Trading Lab** M901		**Seminar** M201			**Tutor Ward Meeting** M503

Theory: Risk Management; Algorithmic Trading; FinTech; Elective IV; Open Elective II
Labs: Risk Lab; Trading Lab; Blockchain Lab (lab room M901)
Rooms used this week: A112*, H203, M201, M202, M501*, M503, M505*, M506*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Software Systems - Semester IX

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **J901**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Vision Lab** J901		**Image Processing & Vision** J511	**Product Management** J511	**Generative AI** J515	**Elective IV** J515	**Open Elective II** J511	
TUE	**IoT Lab** J901		**Product Management** J517*	**Generative AI** J517*	**Elective IV** J502*	**Open Elective II** J502*	**Image Processing & Vision** J501*	
WED	**Generative AI Lab** J901		**Generative AI** J512	**Elective IV** J512	**Open Elective II** J517*	**Image Processing & Vision** J517*	**Product Management** J514*	
THU	**Image Processing & Vision** J502*	**Product Management** J502*	**Vision Lab** J901		**Generative AI Lab** J901		**Generative AI** J512	
FRI	**Elective IV** J202	**Open Elective II** J202	**IoT Lab** J901		**Seminar** J516			**Tutor Ward Meeting** J502*

Theory: Image Processing & Vision; Product Management; Generative AI; Elective IV; Open Elective II
Labs: Vision Lab; IoT Lab; Generative AI Lab (lab room J901)
Rooms used this week: J202, J501*, J502*, J511, J512, J514*, J515, J516, J517*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Theoretical Computer Science - Semester IX

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **K901**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**IR Lab** K901		**Game Theory** K505*	**Information Retrieval** K505*	**Simulation & Modeling** K502	**Elective IV** K502	**Open Elective II** K505*	
TUE	**Simulation Lab** K901		**Information Retrieval** K502	**Simulation & Modeling** K502	**Elective IV** K503*	**Open Elective II** K503*	**Game Theory** K504*	
WED	**Research Lab** K901		**Simulation & Modeling** K504*	**Elective IV** K504*	**Open Elective II** K505*	**Game Theory** K505*	**Information Retrieval** K504*	
THU	**Game Theory** K503*	**Information Retrieval** K503*	**IR Lab** K901		**Research Lab** K901		**Simulation & Modeling** K503*	
FRI	**Elective IV** K505*	**Open Elective II** K505*	**Simulation Lab** K901		**Seminar** K502			**Tutor Ward Meeting** K503*

Theory: Game Theory; Information Retrieval; Simulation & Modeling; Elective IV; Open Elective II
Labs: IR Lab; Simulation Lab; Research Lab (lab room K901)
Rooms used this week: K502, K503*, K504*, K505*. * = room added (not in the timetables you shared).
Colour key: blue = lab (double period), green = Seminar / Tutor Ward Meeting, grey = free. Room shown in red under each course.

MSc Data Science - Semester IX

Theory / Seminar / TWM rooms are shown in each cell | Lab room: **A901**

Day	P1 8:30-9:20	P2 9:20-10:10	P3 10:30-11:20	P4 11:20-12:10	P5 1:40-2:30	P6 2:30-3:20	P7 3:30-4:20	P8 4:20-5:10
MON	**Privacy Lab** A901		**Data Privacy** A106*	**Responsible AI** A106*	**Information Retrieval** A107	**Elective IV** A107	**Open Elective II** A108*	
TUE	**Responsible AI Lab** A901		**Responsible AI** A111	**Information Retrieval** A111	**Elective IV** A107	**Open Elective II** A107	**Data Privacy** A106*
